MurneyTower

Hello everyone,

We're off to a busy start here at the Murney Tower Museum! We're grateful to have been selected to receive an Operating Grant from the City of Kingston Heritage Fund (CKHF). This grant keeps our doors open to the public and allows us to provide all sorts of engaging and entertaining programming, events, and tours. This grant is especially important as we official enter our Centennial year. We want to make 2025 a great year for all of our visitors and supporters, which we couldn't do without the CKHF grant!

On January 28th, we were happy to attend the Queen's University Summer and Part-Time Opportunities Fair. Our Coordinator, Alexa, was on campus all day to meet with students and share information about our summer employment.

We are currently looking for **three students** to join our team this summer. Working with our manger and coordinator from May to September, our assistants will be in charge of the day-to-day operations of the museum. This includes guided tours, visitor experience work, and different opportunities to explore interests related to heritage and museums! We're excited to welcome a new team for the summer, so apply now! Deadline is

We have three summer student positions available. Application deadline February 12th. Go to [www.murneytower.com](http://www.murneytower.com) for details.

**JOB**

## JOB OPPORTUNITIES- CLOSING SOON!

In addition to hiring our museum assistants, we're still looking for a Manager-Curator and Museum Coordinator. Are you interested in heritage, our community, and ready to make an impact here in Kingston? Come work with us!

The two positions are part-time and involve hands-on work in all aspects of running a small museum. Interested in management and focusing on the big picture? Apply to be our manager-curator. If day-to-day operations is more your style, the coordinator position might be the right fit for you.

Applications close on **January 31st**. Visit our website and apply now!

## QUEEN'S UNIVERSITY JOB FAIR

On January 28th, we took part in the Queen's University Summer and Part-Time Opportunities Fair. Throughout the day, we connected with dozens of students to talk about our upcoming student Museum Assistant positions. It was a great chance to meet aspiring museum professionals face to face and discuss our unique summer jobs.

We had students of all academic and personal backgrounds show interest in our work, so we're very excited to see who applies! We're hopeful to create another amazing team of staff to make our Centennial operating season the best one yet. Thanks to all the students who came out to meet us, and a special thanks to Queens and KAM for having us!

## LECTURE FROM DR. SIMGE ERDOGAN-O'CONNOR

There are few people that know the Murney Tower Museum as well as our former director, Dr. Simge Erdogan-O'Connor! Now's your chance to hear her share her knowledge on Murney Tower, the museum housed inside, and our legacy within Kingston. The Kingston Historical Society and the Frontenac Heritage Foundation are pleased to host Simge's lecture, free of charge. Everyone's welcome!

Join us February 16th from 2-4 PM at Fort Henry's Great Hall Discovery Centre. We hope to see you there as we celebrate Murney!
